Oppose the Brunner Mondster - Basic Rules for Objection Letters and E-Mails

Essential

- **Addressed to:** John Swift
DECC
3 Whitehall Place
London
SW1A 2AW

OR E-Mail: john.swift@decc.gsi.gov.uk

**FINAL DAY
5th MAY!**

- **Commence your letter/email with these words:**

‘ I wish to object to the application by Brunner Mond and E-ON for consent to construct and operate a Sustainable Energy Plant in Lostock, Northwich, for the reason(s) set out below.’

- **Describe your reason(s)**

Write your reason(s) in simple language providing evidence to support your case if available. Keep it as brief as possible. You can combine a number of reasons in one letter/email or send them separately. Here are a few possibilities:

No Need for More Incinerators: There are already two incinerators being built in Cheshire that will be capable of dealing with six times the waste generated in the county.
Traffic: The local roads network would not be able to cope with the additional traffic generated hauling waste to an incinerator and ash and other by-products away from it.
Health Risks: It is possible that Mid Cheshire will have four large waste incinerators within close proximity of each other. This would result in unprecedented risks to human health. The NHS and other authorities have not given their approval for this.
Geographical Location: Waste would be imported from all over the UK for incineration. This would be inefficient, unfair on the community and waste fossil fuel.
Site Suitability: the proposed site is very close to homes, schools and shops.

There are many more suggestions on the CHAIN website and Facebook page

- **Finishing sentence**

Always use the following sentence to finish the letter or e-mail:

‘ I would be grateful for your acknowledgement of this objection in writing. Please send it to the following address:’

**Provide your full home address including postcode.
